April 26, 2017

### NOTICE TO RESIDENTS, NEIGHBORS, AND BUSINESS OWNERS OF ARTERIAL STREETS RESURFACING 2017 PROJECT

The City of Pullman was awarded \$1,324,999 in Federal funds for our Arterial Streets Resurfacing 2017 project on College Hill. The work will be performed by Motley-Motley, Inc. starting mid-May, 2017 and completed by end of August, 2017.

We will be grinding and replacing the pavement and reconstructing curb ramps, 60 in total, to current ADA guidelines on Colorado Street from Opal to C Street, on B Street from Colorado Street to Stadium Way, on Valley Road from Stadium Way to Cove Way (west side), and on Merman Drive from Valley Road to Terre View Drive.

Project streets will be closed to through traffic in sections with detour routes signed and parking will be prohibited in areas being worked on during working hours. Construction will generally be limited to weekdays from 7:00 a.m. to 10:00 p.m. During construction, roads will be gravel surfaced and rough and some delays should be anticipated. Please limit your speed and the number of trips through the work areas if possible.

Local residents will be allowed access to the work area nights, weekends and during weekdays, though delays may be experienced during active construction work.

We regret any inconvenience to the motoring public and local residents and thank you in advance for your patience and understanding. Please contact Sam Nasralla at (509)-338 3303 or [sam.nasralla@pullman-wa.gov](mailto:sam.nasralla@pullman-wa.gov) if you have special access needs or concerns.

Sincerely,

Sam Nasralla, P.E.  
Senior Civil Engineer
